ON THE COVER

"Eli in the Snow"

Back in May, I got the nicest email from Ms. Kathryn Lehman about TKN (thank you, Kathryn!). She had some lovely things to say, attached one of her fabulous oils, and then asked, 'How can I submit one of my paintings for the cover?'

Wow—someone actually answered my calls for material! I was thrilled! Kathryn and I started emailing to figure out which upcoming issue would be her cover. We landed on winter.

Since she lives in sunny Florida, Kathi didn't think she had anything that fit the season. I told her it didn't need snow—just something with cozy, wintery vibes. Then she asked if I had any photos of my Afghans in the snow. Did I ever! And that's where I'll let Kathi pick up the story:

It was a pleasure to paint *Eli in the Snow*, CH Exquisite Somewhere Beyond the Sea, JC. The painting is a watercolor of Eli pausing for a moment as he frolicked in the deep snow. I also paint in oils. For *Eli in the Snow*, I chose watercolor because the looseness of watercolor best portrayed the lightness of the snow.

My eyes and my heart fell in love with Afghan Hounds when I was 12 years old. It was love at first sight. My father told me he would get me an Afghan Hound puppy for my 13th birthday, if I made an "A" in Latin. I think he thought it was a safe bet. I got an A by the skin of my teeth and my love affair with our beloved hounds began with a black-masked silver puppy. Afghan Hounds have been an important part of my life and being a member of AHCA is an honor I hold dearly.

Currently, my hounds are Cirneco Dell' Etna. My work as a Grant Director for a non-profit educational organization and family obligations required finding a smaller breed with less grooming needs. These hounds are delightful and bring us much joy. Afghan Hounds still hold a very dear spot in my heart and I vicariously enjoy my friends' Afghan Hounds. Hope you enjoy it and look forward to seeing many of you in Orlando. Promise, we won't have snow! My email is kflehman01@gmail.com.

What a year it's been in the Afghan Hound world! The top dogs owe their excellence not to chance, but to the skilled hands of the breed's most accomplished breeders, handlers and loving owners.

Stealing the spotlight everywhere she trotted was GCHG Ch Zaida Bint Muti Von Haussman—a dog whose name is almost as impressive as her trophy collection - and this year's winner of the AHCA National.

Hats off to breeder Ramon Podesta Valenzuela and the American dream team of D. Scott Pfeil and James Donahue. Add in the magic hands of handler Willy Santiago and, well, you get a hound with more air miles than most of us!

But Zaida wasn't alone in the winner's circle. In May the Breeders' Cup rang in the next generation, with breeders showing off their best up-and-comers like Teri Tevlin, Ulrike Reinisch and Christine Pinkstons' BOB Ch Spice Hill in My PJs and BOS Ch Sunlit My Pennies Made Your Crown bred by Tara Richardson, Alexis Jones and Alicia Jones.

It was truly a year filled with ribbons, laughs, and more than a few well-deserved treats. But let's not forget the unsung heroes: the incredible volunteers working tirelessly behind the scenes to keep everything running smooth as silk. Without these devoted folks, our shows simply wouldn't happen! A heartfelt thank you to everyone in our wonderful Afghan Hound community.

Here's to 2026! May your hounds be mat-free and your holidays, happy, healthy, joyful and bright.

See you at the shows!

Dog shows are the place where one can enjoy the thrill of competition while enjoying the beauty of the top dogs. It's about celebrating breeds, supporting breeders, and promoting responsible breeding. It's a place for dog enthusiasts, breeders, owners and handlers to share their passion.

For anyone who has ever loved a dog, you know that it's about much more than the tangible aspects of a show. It's also about a critical ingredient – it's about the connection that comes from deep within the hearts and souls of dogs and their humans.

This rendering of "The Connection" is dedicated to that critical ingredient, as exemplified by Willy Santiago and Zaida.

As a novice sitting ringside, one quickly feels the harmony, the elegance, the humility, the mutual love and respect between this handler and the lovely Afghan Hound he is presenting.

Judges' Critiques

Regular/Non-Regular Dog Classes and Best of Breed

Judge: Sandra Frei

I was truly honored to be selected as the conformation judge for the 2025 Afghan Hound Club of America national specialty show. I really enjoyed my assignment and would like to thank each and every exhibitor who showed their beautiful dogs to me.

There were difficult decisions to make, but I am a firm believer on judging on the day.

Thank you to my friend and steward Israel Garcia, along with Billy Webb and Jason Taylor for helping get dogs into the ring, absentees, and keeping all the cuts straight in Best of Breed, which is no easy task.

The trophies that were created, handcrafted and donated by the artist Maddie Mullis were beautiful. The shadowboxes with the AHCA medallion and ribbon were lovely.

Judges hospitality was top-notch. Thank you to Chris Pinkston, Rachel Hastings, Russ and Barb Hastings, Israel Garcia, his spouse, Chris Liles and Rick Martin, who took me out to breakfast and/or dinner every day I was there. We had great fun.

Thank you to Rachel Hastings who picked me up at the Cincinnati airport and to John and Elaine McKiernan for taking me back to the airport for my flight home.

Kudos to show chairman Chad Alexander and his committee for putting on this year's national. I thought it was an excellent national and loved all the banners with the logo that they put throughout Robert's Center.

Observations about my winners:

Definitely the most difficult decision I had was in the Best of Breed class between the bitch that I ultimately selected for Best of Breed and the dog that I awarded Best Opposite.

It truly was an honor to have two of the top Afghans in the world and both excellent representatives of our breed in my ring at the same time. The national specialty should showcase the best of the best.

My final decision was like splitting hairs as both exhibits were on the top of their game and shown to perfection.

While both my final choices for Best of Breed were excellent movers I felt that she was more balanced front and rear on the move than the male which earned her the win.

Before I go into my critiques, I would like to explain what I am looking for.

I always have them go around for an initial Impression of each dog in the class. When I go over each dog I first stand back to look at outline and overall balance when standing. From there I proceed to have the handler show me the teeth first. If the dog backs up for any reason I allow the handler to reset their dog and I ask them if they are ready. When they are ready I then exam-

ine the head by looking at the overall look of the head. I measure from the occiput to between the eyes to the nose to check for occiput and the balance of the head. I then check ear leather and look for underjaw. After that I run my hands down the neck into the shoulder. From there I check the layback of shoulder, prosternum, return of upper arm and depth of brisket. After that I return to check the topline, spring of rib, hipbones, croup, tailset, the tail itself. I check the thigh muscles and feel down to the hocks to see if they are perpendicular. The last thing I look at is the foot to check for size and thickness of pad. I am happy to say that all the feet I felt in both the class dogs and specials were good. I do not ask the exhibitor to reset the dog after I look at the foot to restack their dog as looking at the foot can throw off the balance, and I no longer need to look at the dog stacked.

Of note, if I have a dog that pulls away from me when I first start examining them I allow the handler to reset the dog and then start examining the body first and go back

to the head last.

Now it's time to move.

I start by having them go down and back. I take a look at them when they come back then send them around to the end. Type, balance when standing and moving are of utmost importance to me as well as, soundness coming and going.

When it comes down to making cuts and final decisions, I like to have dogs go into the center of the ring, freestack so I can see the profile of the dog and then take a turn around the ring to the end of the line. If there are dogs that are in final consideration, I like to move them around with one leading then switch and have the other lead.

Best of Breed

GCHG CH Zaida Bint Multi Von Haussman

Best Bred By

Kuhlbreeze Turn up the Heat

Nicely balanced youngster when standing and moving. Pretty head. Very promising.

Best Brace

CH Province Untouchable and CH. Province Unbridled

It was so nice to have three brace teams in my ring.

Having shown a brace myself, I can tell you that it is no easy task. All three handlers did a really good job presenting their braces. My first place showed hers to perfection. Those two black and tan dogs could not have been more evenly matched standing and moving.

Best Junior

Arabella Hilla

I thought both my juniors did an excellent job showing their dogs. I felt my winner was more on top of making sure of having her dog always look his best. Damien Grouser who was second in the class also did a wonderful job moving and presenting his dog.

Sweepstakes/ Triathlon Conformation Classes

Judge: Julie Roche

It was my honor to be selected by the membership to judge the Puppy and Veterans Sweepstakes and the conformation portion of the Triathlon competition at this year's National Specialty.

The dog show scene is dramatically different now than the previous time I had this same honor in 1999. The entries were much larger then but I was pleasantly surprised at the overall quality of both the puppies and the adults that were shown to me this year.

Veteran Sweeps

Each and every veteran shown was an outstanding Afghan Hound and a credit to their owners for keeping them in such immaculate

condition. They were a sight to behold and literally brought tears to my eyes. After much hand wringing by me, the best in veterans sweeps award went to a dynamite, as well as correct, brindle bitch who showed her heart out and demanded all of the attention as she floated around the ring with correct outline and ground covering movement.

Best of Opposite Sex went to a masculine brindle who was also a very elastic ground covering mover with a long neck and great outline on the move.

Puppy Sweeps

So many of these youngsters had a quality I just love, they were elegant and beautiful at first glance but when you got your hands on them they were substantial and muscular, just as they should be to live up to their heritage as coursing hounds.

My eventual Best in Sweeps went to the 6-9 month old puppy bitch. She was in a class of two with, what I later learned, was her littermate. It was a difficult class to judge as both were long boned forward moving hounds.

In the final best in sweeps line up it was easy to gravitate to the more finished more mature entries but as I worked everyone my eye kept being drawn to the red puppy with the long lined outline and the fluid ground covering movement, with not an ounce of wasted effort. For one so young she was a standout in my eye.

Best of Opposite Sex went to a jet black puppy with the most

magnificent head and eye I have ever seen. He had a well maintained but huge coat that was doing him no favors at this age.

He had a detailed topline and super front assembly. He moved around the ring with ease in a totally Afghan Hound like manner.

I should note that I had two stand out youngsters who were overwhelmed with the show situation. I tried to make their experience more comfortable and hope they can find their feet in the show ring in the future.

Triathlon Conformation

All of these Champion dogs are a credit to their breed as are the owners who spend so much time and effort to train them. I thoroughly enjoyed judging my portion of this competition.

Thank you again for the opportunity to participate in this year's AHCA National Specialty. The hospitality was superb and I love the unique judges gifts.

Happy Holidays

Everyone was so impressed by the beautiful trophies created by Maddie Mullis that we invited her to share her story. From all - a heartfelt thank-you for your incredible work!

- Ed

Maxine “Maddie” Mullis has been a member of the AHCA for many years as well as a member of the Tara Afghan Hound Club in the Atlanta area. The trophies for the 2025 Nationals were created by Maddie.

Having always been intrigued by Afghan Hounds and their thoroughbred-like qualities...the flowing hair and high-spirited nature, she acquired her first Afghan through rescue in 2007. Her love for the breed blossomed. Since her first one, there have been nine more lucky hounds that have called the Mullis household their home, including the three they currently have. Her dedication to the breed and her support for rescue has continued through the years.

Maddie has always been a woodworker, whether it is building furniture, restoring old structures or creating intricate handcrafted works of

art. Her first attempt at an Intarsia was a prototype in 2011 as an idea for the Tara club. Although the members liked it, Maddie thought it should be thrown on the burn pile! (It was not and is currently safely

pieces of wood. They are individually saw cut, hand sanded and painted. Next the pieces are assembled back into the original design and attached to a painted backerboard before framing.

One Intarsia takes about 25 hours to create from start to finish. Maddie’s pieces are never for sale. You can ONLY get one by winning it as a trophy or bidding on it at auction and they are always generously donated by her for those events.

Maddie also has a love for horses that began at a young age. She became a successful horse trainer and still holds her Level III Hunt Seat Instructor Certification. She also has a Lifetime Membership to the American Riding Instructors Association.

So, these days if she isn’t in the workshop or working around her 100-year-old farm or snuggling with her Afghans after a hard day’s work, you’ll find her at horse shows, showing her stunning Welsh ponies.

As you can see, she has yet to learn....Sit. Stay.
