Official Afghan Hound Breed Standard

General Appearance

The Afghan Hound is an aristocrat, his whole appearance one of dignity and aloofness with no trace of plainness or coarseness. He has a straight front, proudly carried head, eyes gazing into the distance as if in memory of ages past. The striking characteristics of the breed-exotic, or "Eastern," expression, long silky topknot, peculiar coat pattern, very prominent hipbones, large feet, and the impression of a somewhat exaggerated bend in the stifle due to profuse trouserings-stand out clearly, giving the Afghan Hound the appearance of what he is, a king of dogs, that has held true to tradition throughout the ages.

Head

The head is of good length, showing much refinement, the skull evenly balanced with the foreface. There is a slight prominence of the nasal bone structure causing a slightly Roman appearance, the center line running up over the foreface with little or no stop, falling away in front of the eyes so there is an absolutely clear outlook with no interference; the underjaw showing great strength, the jaws long and punishing; the mouth level, meaning that the teeth from the upper jaw and lower jaw match evenly, neither overshot nor undershot. This is a difficult mouth to breed. A scissors bite is even more punishing and can be more easily bred into a dog than a level mouth, and a dog having a scissors bite, where the lower teeth slip inside and rest against the teeth of the upper jaw, should not be penalized. The occipital bone is very prominent. The head is surmounted by a topknot of long silky hair. *Ears*--The ears are long, set approximately on level with outer corners of the eyes, the leather of the ear reaching nearly to the end of the dog's nose, and covered with long silky hair. *Eyes*--The eyes are almond-shaped (almost triangular), never full or bulgy, and are dark in color. *Nose*--Nose is of good size, black in color. *Faults*--Coarseness; snipiness; overshot or undershot; eyes round or bulgy or light in color; exaggerated Roman nose; head not surmounted with topknot.

Neck

The neck is of good length, strong and arched, running in a curve to the shoulders which are long and sloping and well laid back. *Faults*--Neck too short or too thick; a ewe neck; a goose neck; a neck lacking in substance.

Body

The back line appearing practically level from the shoulders to the loin. Strong and powerful loin and slightly arched, falling away toward the stern, with the hipbones very pronounced; well ribbed and tucked up in flanks. The height at the shoulders equals the distance from the chest to the buttocks; the brisket well let down, and of medium width. *Faults*--Roach back, swayback, goose rump, slack loin; lack of prominence of hipbones; too much width of brisket, causing interference with elbows.

Tail

Tail set not too high on the body, having a ring, or a curve on the end; should never be curled over, or rest on the back, or be carried sideways; and should never be bushy.

SATURDAY SWEEPSTAKES JUDGE

JoAnn Jones

I first saw a living afghan hound in the early 1960's but did not purchase my first one until 1969 after I had opened my grooming business. I still lived with my parents who opened their home to a beautiful, playful, and very destructive five month old afghan hound puppy. She, Amanda, was not a show dog but a loving pet who went we me off lead every where. When I bought my second afghan hound in 1971 as a show prospect Amanda taught her to accompany me off lead, this disconcerted many dog show exhibitors when, after the show we would unload at a hotel and the two dogs would be walking without leads with me to and from the van. My second afghan, Ch. Ventura Blue Dacquiri finished with three five point majors, going winner's bitch at back to back shows. Ned Kauffman judged the first day and Romaine Switch the second day. Dacquiri finished later that year at the Afghan Hound Club of Dallas Specialty; she defeated an entry of fifty-five bitches and then was awarded BOS and best of winners at that show. I bred her two times, this was the beginning of JoVan kennel, those two breeding' produced champions in each litter.

I married Wayne Jones in 1980.

I fell in love with and purchased Desiree's Telulah. Tillie finished at the Houston Afghan Hound Specialty under Chris Kaiser. Tillie was bred twice; first to Ch. Genesis Touch the Clouds and the second time to CH. Jorgoz' Heart Breaker. These two litters produced ten champions and twenty-three champion grandchildren. I consider Tillie to be the foundation bitch of JoVan afghans.

I have been active in the breed for forty plus years, I have bred, co-bred, and owned forty-two champion afghan hounds and one home bred, owner handled toy poodle Ch. JoVan No Sweat. He is pictured with me and is fifteen and half years old.

I am honored to be asked to judge sweepstakes by this young and energetic club.

I wish continued success to the club and good luck to all the exhibitors.

SATURDAY JUDGE

Karen Dumke

Since 1983 I have been actively involved in showing Sighthounds. My main breed started as Borzoi, which I have shown and bred under the "Nonsuch" kennel name. In addition to this breed I have shown Greyhounds, and showed and bred Whippets. My involvement with Afghan Hounds started 13 years ago. It is a breed I'm totally in love with and entirely devoted to without taking away from my other breeds. Although I have only bred one litter of Afghan Hounds---primarily because I was concerned about placing puppies in good homes, I'm an experienced and successful breeder with nearly 100 home bred American Champions.

My love of the Afghan Hound appreciates the essence of the breed. To describe this in a few words include: hunter, patterning, aloof, uncanny intelligence, problem solver, silky coat, monkey dog, top-knot, keen gaze. To me, the real Afghan Hound is not only the coat, but also, what is under that coat.

Thank you for choosing me to judge your Specialty. I always feel it is an honor to judge a Specialty, and I look forward to judging your show.

- Karen Dumke
- Nonsuch

SUNDAY SWEEPSTAKES JUDGE

Kevin Carter

My initial involvement with Afghan Hounds was in 1981. In my search for a loving pet, my local kennel club put me in contact with Patricia Kageals (Majestic), who in turn help me acquire my first Afghan, Kadallah's Apache Brave, a.k.a. Dominique. Never having owned an Afghan before, there was much I needed to learn, especially when it came to grooming. Thankfully Pat was there to share her expertise about the grooming and the breed itself. She also introduced me to the dog show world and I was instantly hooked.

My first show Afghan was Andante Brio Andre Champlève, a beautiful brown brindle with flawless "Afghan" movement. To this day I don't believe there is anything much more beautiful than seeing an Afghan gate around the ring with an effortless flowing movement and a slight spring in his step.

After several years of showing Afghans, I began showing cocker spaniels and thankfully have had a lot of success with this breed. Not surprisingly, one of the key elements I look for in showing and judging cocker spaniels is proper movement, a trait that I often attribute to my years in the Afghan Hound breed. I still enjoy showing my cocker spaniels, but I must admit that Afghan Hounds still remain a passion of mine.

In 2003, I became the co-owner of a beautiful blue Afghan, Pahlavi Blue On Blue, a.k.a. Sydney. Sydney finished his championship quickly and went on to be a multi-group winning dog. He is a dog that truly captured my heart. I used Sydney to sire the only Afghan litter I ever bred. I co-bred that litter with Jennifer Love (Jendar) and three of the five in that litter attained their championship. Although the majority of my involvement with Afghans has not been in the breeding arena, my love and understanding of the breed is immense.

I would like to express my sincere appreciation to the Carolina Afghan Hound Club for allowing me the privilege to judge their sweepstakes. I am truly honored.

SUNDAY JUDGE

Gareth Morgan-Jones

Dr. Gareth Morgan-Jones, who was born and brought up in Wales, has been involved in the sport of pure-bred dogs for well over fifty years. He has owned, bred and exhibited a number of breeds, including Afghan Hounds, Basset Hounds, English Cocker Spaniels, Pekingese and Pembroke Welsh Corgis. As an owner-handler, dogs piloted by him have won a combined total of twelve all-breed Best in Show awards, nine Specialty wins, and seventy-nine Group Firsts. He has made up thirty-eight AKC Champions.

He began his judging career in 1998 and is currently approved by the AKC for Best in Show, the Hound and Toy Groups, six Sporting breeds, Pembroke Welsh Corgis and Junior Showmanship. He has judged Specialties in sixteen breeds and four Nationals. Assignments have included shows in Argentina, Australia, Canada, China, Colombia and Mexico.

He has contributed articles to a number of magazines, including The Afghan Hound Review during the 1970s, and has written monthly lead essays for The Canine Chronicle for the past nineteen years.

Educated at the Universities of Wales and Nottingham, England, he earned a Doctor of Philosophy degree from the latter. The degree of Doctor of Science was conferred upon him by his alma mater in recognition of his contribution to knowledge in the biological sciences. He has held faculty positions at Universities in four countries: Canada, South Africa, the United Kingdom, and the United States. Until his retirement in April of this year he spent thirty-eight years at Auburn University where he now holds the title of Distinguished University Professor Emeritus.

AKC Code of Sportsmanship

PREFACE: The sport of purebred dog competitive events dates prior to 1884, the year of AKC's birth. Shared values of those involved in the sport include principles of sportsmanship. They are practiced in all sectors of our sport: conformation, performance and companion. Many believe that these principles of sportsmanship are the prime reason why our sport has thrived for over one hundred years. With the belief that it is useful to periodically articulate the fundamentals of our sport, this code is presented.

- Sportsmen respect the history, traditions and integrity of the sport of purebred dogs.
- Sportsmen commit themselves to values of fair play, honesty, courtesy, and vigorous competition, as well as winning and losing with grace.
- Sportsmen refuse to compromise their commitment and obligation to the sport of purebred dogs by injecting personal advantage or consideration into their decisions or behavior.
- The sportsman judge judges only on the merits of the dogs and considers no other factors.
- The sportsman judge or exhibitor accepts constructive criticism.
- The sportsman exhibitor declines to enter or exhibit under a judge where it might reasonably appear that the judge's placements could be based on something other than the merits of the dogs.
- The sportsman exhibitor refuses to compromise the impartiality of a judge.
- The sportsman respects the AKC bylaws, rules, regulations and policies governing the sport of purebred dogs.
- Sportsmen find that vigorous competition and civility are not inconsistent and are able to appreciate the merit of their competition and the effort of competitors.
- Sportsmen welcome, encourage and support newcomers to the sport.
- Sportsmen will deal fairly with all those who trade with them.
- Sportsmen are willing to share honest and open appraisals of both the strengths and weaknesses of their breeding stock.
- Sportsmen spurn any opportunity to take personal advantage of positions offered or bestowed upon them.
- Sportsmen always consider as paramount the welfare of their dog.
- Sportsmen refuse to embarrass the sport, the American Kennel Club, or themselves while taking part in the sport.

**AMERICAN
KENNEL CLUB®**

Legs

Forelegs are straight and strong with great length between elbow and pastern; elbows well held in; forefeet large in both length and width; toes well arched; feet covered with long thick hair; fine in texture; pasterns long and straight; pads of feet unusually large and well down on the ground. Shoulders have plenty of angulation so that the legs are well set underneath the dog. Too much straightness of shoulder causes the dog to break down in the pasterns, and this is a serious fault. All four feet of the Afghan Hound are in line with the body, turning neither in nor out. The hind feet are broad and of good length; the toes arched, and covered with long thick hair; hindquarters powerful and well muscled, with great length between hip and hock; hocks are well let down; good angulation of both stifle and hock; slightly bowed from hock to crotch. Faults--Front or back feet thrown outward or inward; pads of feet not thick enough; or feet too small; or any other evidence of weakness in feet; weak or broken down pasterns; too straight in stifle; too long in hock.

Coat

Hindquarters, flanks, ribs, forequarters, and legs well covered with thick, silky hair, very fine in texture; ears and all four feet well feathered; from in front of the shoulders; and also backwards from the shoulders along the saddle from the flanks and the ribs upwards, the hair is short and close, forming a smooth back in mature dogs - this is a traditional characteristic of the Afghan Hound. The Afghan Hound should be shown in its natural state; the coat is not clipped or trimmed; the head is surmounted (in the full sense of the word) with a topknot of long, silky hair - that is also an outstanding characteristic of the Afghan Hound. Showing of short hair on cuffs on either front or back legs is permissible. Fault--Lack of shorthaired saddle in mature dogs.

Height

Dogs, 27 inches, plus or minus one inch; bitches, 25 inches, plus or minus one inch.

Weight

Dogs, about 60 pounds; bitches, about 50 pounds.

Color

All colors are permissible, but color or color combinations are pleasing; white markings, especially on the head, are undesirable.

Gait

When running free, the Afghan Hound moves at a gallop, showing great elasticity and spring in his smooth, powerful stride. When on a loose lead, the Afghan can trot at a fast pace; stepping along, he has the appearance of placing the hind feet directly in the foot prints of the front feet, both thrown straight ahead. Moving with head and tail high, the whole appearance of the Afghan Hound is one of great style and beauty.

Temperament

Aloof and dignified, yet gay. Faults--Sharpness or shyness.
